Do 10 Photography Exhibitions in 9 venues in just one night,
in the comfort of a nice, brand new car.

We call it 'The Gravity Festival Circuit'.

Between 6–9pm you'll be dropped off at an exhibition, and then
when you've finished being impressed by the healthy state of

New Zealand photography, just grab another car that'll whisk
you off to be impressed again by another exhibition – (there'll be
another car coming by every 10 minutes.)

If that sounds all a bit expensive, relax, it's all free.
