## PHOTO DAY

In these narcissistic times of selfies and humblebrags, every day is a photo day for some people, so you may not be aware that the official Auckland Photo Day is coming up. For 24 hours people are asked to take a photo that reflects their Auckland and submit it into the competition. For a little inspiration you can check out the previous winners which are already on display along the Queens Wharf fence. **Saturday June 9, Auckland-wide.** See [photographyfestival.org.nz](http://photographyfestival.org.nz) for details.
